MEMORANDUM

SUBJECT: Comments Concerning the Draft Air QAPP for Cherokee-Galena Site

FROM: Charles Hensley *CH*  
Chief, Laboratory Section, ENSV

TO: Robert Morby  
Chief, Superfund Section, WSTM

ATTN: Alice Fuerst  
Project Officer, Cherokee-Galena Site

The following are our comments concerning the draft Cherokee-Galena Air QAPP.

- 1) CH2M Hill will provide all sampling containers.
- 2) Why are we using Teflon filters instead of polycarbonate or silver membrane filters?
- 3) We need the laboratory information for the Oregon laboratory suggested by CH2M Hill.
- 4) We concur with all the questions/comments addressed in Dr. Moos' review comments.

If you have any questions concerning our comments, please contact Angelo Carasea.
